Science Island Express

The Science Island Express delivers the most recent happening at HFIPS.

HEALTH

HFIPS researchers report a method that applies formalin-fixed, paraffin-embedded tissues to construct reduced representation bisulfite sequencing libraries, helpful for primary site identification of metastatic cancer.

TURNING SCI&TECH INTO ECONOMY

HFIPS showcases its long-term accumulated strength in technology and engineering at the 2023 World Manufacturing Convention.

WE ARE ONE

All international HFIPSers celebrate Autumn Mooncake Festival at Hefei Garden Expo Park exploring Chinese culture in a special way.
